*"Building Together for the Future"*

Thank you for your interest in the Black Hills Home Builders Association. As one of the larger trade associations in South Dakota, we pride ourselves on the strength and quality of our membership. Black Hills Home Builders Association members participate in trade and professional associations because they recognize they can accomplish more collectively than they can individually. With the Black Hills Home Builders Association, this collaborative effort is achieved!

The networking and exchange of information found within our organization gives our members the competitive edge needed in today's fast-paced building industry. The Black Hills Home Builders Association provides the opportunity to make business contacts, gain up to date news on trends and political issues (at local, state and national levels), attend educational seminars and conventions, and participate in committees, which guide our association and the local building industry.

The Black Hills Home Builders Association consists of over 400 building industry related businesses, working together to strengthen and shape the community and building industry, in which we live, work and play. We invite you to join our association in "Building Together for the Future."

Our members join for many reasons. Enclosed you will find information regarding the Black Hills Home Builders Association member benefits. If you desire more information on any specific benefit, please contact our office at 605-348-7850 for a more detailed explanation. We will be pleased to help in any way possible.

The membership of the Black Hills Home Builders Association looks forward to doing business with you!

# WHO?

---

**Q.** The question is always; What makes a house a home? At BHHBA we focus on Who makes a house a home?

**A.** Sure it takes a skilled excavator, plumber, gasfitter, electrician, landscaper, fiberoptic installer, and most importantly a dependable builder to shape the structure of your new house. Our Builder members are so important at BHHBA, but it takes so much more than that to make your perfect house a home. It takes dedicated financial advisors, and realtors; and what is a beautiful lawn without a patio or an outdoor kitchen? How about a garage with no car? Could you ever dream of making such an investment with out protecting it? Black Hills Home Builders accepts members from every aspect of creating your dreamhome. Its not limited to just the building process, its not limited to just the decorating process. It's every small and huge part of making it a dream come true. Regardless if you are a Builder, or someone else associated with this process this association is a lot of small pieces to create one large masterpiece. So the answer to the question, Who makes a house a home, its YOU.
